### Refurbishment

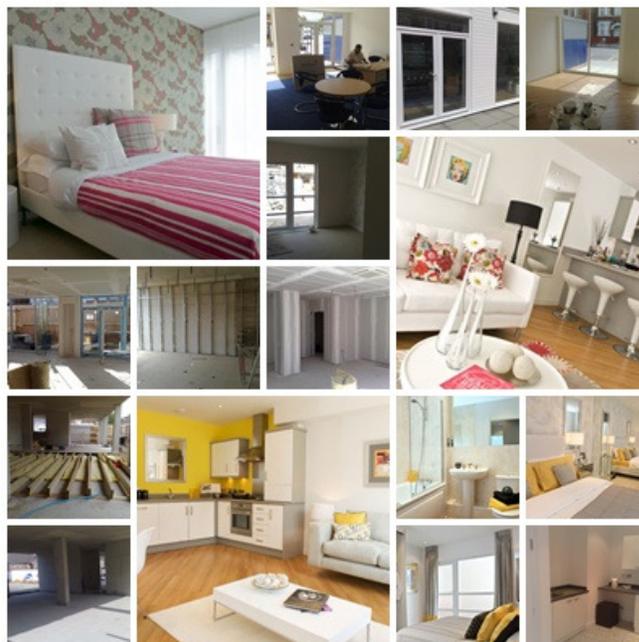

We undertake refurbishment activates for the likes of Taylor Wimpey, Countryside and private clients. Utilising our project management tools, customers can share information and keep up to date with progress over the internet. We offer a one stop shop ensuring all trades are carried out to our high standards.

### Customer Care

We offer maintenance and customer care work. We respect the properties we work in and undertake that the property will be left in a safe and tidy state at the end of each working day and returned to the same state as it was found.

### Gas Safety Inspections

We undertake Gas Safety checks on behalf of Countryside Properties – ensuring their Gas register is up to date.

## Our History

Prism Building Services was formed to utilise the tools created by Prism Information Technology Services within the construction industry.

Prism Building Services acquired the good will and assets of the contract decorator AE Interiors Services Ltd in 2007. AE Interior Services has operated as a painting and decorating, customer care and maintenance subcontractor to the new build industry for the last 30 years. It Works for the likes of Taylor Wimpey, Countryside properties, Millwood design and build and Pentland Homes throughout the South of England.

AE Interiors was brought under the Prism brand at the beginning of 2010 and now operates as 2 divisions - Prism Interiors and Prism Care.

Prism Interiors undertake the full range of activities required to change the aesthetics of your property.

Prism Care undertake gas safety checks, property management and customer service work.

Both offer quality workmanship and old fashioned service. Coupled with the IT tools developed by Prism Information Technology Services we are able to ensure a reliable and an efficient service.

## The Environment

No one can escape the growing need to protect the Environment. We recognise the importance of environmental issues and have conducted a thorough review of our operations and assessed their impact on the environment. A full Environmental Policy has been drafted and is reviewed at regular intervals. Our performance is measured and improvements made where possible.

We also offer our customers a green service where:-

- Environmentally friendly materials are used
- Our the impact of our activities is measured and accounted for with each invoice
- These can then be offset if a zero carbon service is require
